

## Crew Overboard – What To Do?

IYC has planned a two-hour event to learn what to do if a crew member falls overboard. Topics include:

- Information on the likelihood of falling overboard
- What actions to take during the rescue
- Techniques for bringing the boat around
- Falling overboard from your dinghy
- Safety checklist

During this event, we will discuss situations that can happen to us in the Pacific Northwest and how to be prepared. We have also organized a demonstration and practice session showing what it really takes to bring a crew member back into the boat.

For those participating, we have a new safety product every mariner should have onboard.

### Event Details:

**Date:** May 5  
**Time:** 10:00 AM until noon  
**Location:** Blaine Marina – Visitors Dock  
**RSVP:** Mary-Ann Pedersen  
(maryann.pedersen@gmail.com)
